JACKY ROYER

Full-stack Developer (Work-study Program)

✉ jacky.royer.dev@gmail.com 📱 +33 6 73 49 08 90 📍 Between Toulouse and Carcassonne 💼 https://linkedin.com/in/jacky-royer 💻 https://github.com/J4cKr0y

Profile

Passionate Full-stack Developer with dual expertise in **front-end (React) and back-end (Node.js/Express, Java Spring Boot)**. With hands-on experience in React Native mobile development and a background in team management, I bring **adaptability, discipline, and the ability to efficiently manage projects**. Currently on assignment at JT Auto 31, I am proficient in Agile methodologies, unit testing (Jest), and CI/CD pipelines. My goal is to obtain a Master's degree (BAC+5) through a work-study program.

Technical Skills

Languages & Frameworks

TypeScript · React JS · React Native · Node.js · Express · Java · Spring Boot · HTML5 · CSS3 · JavaScript

Tools & Methodologies

Jest · React Native Testing Library · Git/GitHub · GitHub Actions · CI/CD · API REST · Agile/Kanban · Firebase · MongoDB · Expo · Figma · VirtualBox · Linux (Debian)

Qualities

Adaptability · Problem-solving · Time management · Organization · Communication · Teamwork · Autonomy

Professional Experience

Full-stack Mobile Developer
JT Auto 31
March 2025 - Present
Remote

- **React Native + TypeScript mobile application** with multi-provider authentication (Google, Email/Password)
- **Tangible Results:** 15+ functional commits, 7 features delivered, 6 critical bugs fixed
- **Real-time NoSQL database** (Firestore) with multi-account management
- **Unit/functional tests** with Jest & React Native Testing Library
- **Improved display speed** by 35% (FlatList instead of ScrollView), migrated to SDK53 + expo-audio.
- **CI/CD with GitHub:** branch management, 4 merged PRs, 8 closed issues
- **Regular client follow-up** and rapid adaptation to project constraints (prioritizing client satisfaction)
- **Excellent client recommendation** obtained on LinkedIn

Team Postman
La Poste
January 2021 - July 2023
Le Beausset

- Developed **leadership skills**, for example, by increasing my **team's** sales by 30% during the last "Red Cross" campaign.
- **Improved processes** and optimized logistics through key participation in a logistical reorganization to reduce operational costs by 25%.
- **Managed priorities** and organized work autonomously
- Authored reports and performed data entry (PILDI)
- Managed customer complaints (nearly 100/year) and customer relations

Interests

Reading (science fiction, fantasy), Cinema (dystopian and time travel films),
Basketball (team spirit, challenge, self-improvement), Education (homeschooling my 2 children at a kindergarten level).

Personal Projects

Web Developer Certification - OpenClassrooms

- **Responsive integration** (Figma) for a travel agency (HTML/CSS)
- **Dynamic JavaScript portfolio** with DOM manipulation
- **React web application** for real estate rentals (React Router, components)
- **Performance optimization:** +33% performance, +37% SEO (Lighthouse, Wave)
- Developed a **Node.js/Express REST API** for a book rating website (MongoDB)
- **Web security:** JWT, bcrypt, data sanitization
- Wrote **Jest unit tests** (75.33% coverage) and handled logging (Morgan)
- Utilized **Agile methodologies:** Kanban, technology watch, project planning

Education

Level BAC+3 Work-study Program
OpenClassrooms

At company: 4 days per week (flexible days) with reduced presence to 3 days twice a month. | In class: 1 day per week + 1 additional day twice a month

Objective: Bachelor's degree then Master's degree (BAC+5)

RNCP36076 Web Developer Certification
OpenClassrooms

March 2024 - November 2024 (Remote)

BTS in Industrial Product Design
Dorian School, Paris

September 2000 - July 2002
